SUMMARY

Bachelor's student with a strong interest in backend development, experienced in Python, Flask, Django, and SQL. Passionate about learning new technologies and solving problems, seeking an internship to apply technical skills and gain real-world experience in backend development.

TECHNICAL SKILLS

Java	Dotnet	Linux
Php	SQL	
Python	Git	

PROJECTS

Nibble Wise – Django Web Application

- Built a full-stack web app using Python, Django, HTML, CSS, and JavaScript to manage ingredient inventory and suggest recipes.
- Implemented user registration, profile management, favorites, and cooking history tracking.
- Enabled recipe search by ingredients, displaying preparation steps, cooking time, and details.

Booklify – Full-Stack Web Application

- Developed a platform using HTML, CSS, JavaScript, PHP, and MySQL for browsing, purchasing, and tracking books.
- Implemented product/order management, customer tracking, and a basic admin dashboard.
- Integrated local payment methods (e.g., Khalti) for secure online transactions.
